Dear Mary,

Imagine what it's like to ski after sacrificing your legs for our country! Think of what it means to conquer a mountain after losing the ability to see because of your service and sacrifice to our nation.

**Disabled Veterans:
Deserve second
chances at life!**

Help power life-changing DAV programs with [your gift of \\$15, \\$25, \\$50 or \\$75 now!](#)

We can only imagine how daunting these challenges must have seemed to our disabled heroes. Through [your kindness and support, these are only a few of the mountains they will conquer.](#) And Mary, that's a powerful thing!

It's the power you unleash through urgently needed programs and services each time you give generously to the Disabled American Veterans (DAV).

You see this power in action at the Winter Sports Clinic, co-hosted in Colorado's mountains each year by the DAV and the U.S. Department of Veterans Affairs (VA).

[You have to see the action!](#) It's exciting to see the energy and passion [you have helped unleash from our nation's most profoundly disabled veterans!](#)

For these American heroes, the experience of winter sports like skiing changes everything ... it opens new doors, creates opportunities, builds confidence, and gives them the ability to give back to other disabled veterans, showing them that they can overcome as well.

Suddenly, new dreams enter the lives of men and women who sacrificed their blood and health for your freedom and mine. They dream, [if I can do this, there's got to be a whole lot more in front of me, more than I ever thought possible.](#)

Will you keep that life-changing power flowing? Please help create "Miracles on a Mountainside" during the Winter Sports Clinic ... and make so much more happen all year round ... with [your gift of \\$15 ... \\$25 ... \\$50 ... \\$75 or more now!](#)
